WTT / LLIRIA Spain - Tunnel filling equipment

With WTT as main contractor, Hoving Holland was awarded to deliver tunnel filling equipment to Lliria in Spain.

The system consist of a central conveyor with a moveable belt which feeds the fraction through the roof of each tunnel.

The topfiller displayed above takes care of the uniform distribution throughout the tunnel.

On our website www.hoving-holland.nl you can find information about our company and the custom made equipment from our delivery program. Also former Newsflashes can be found here.
